

# Wi-Fi for Guests at UB

Welcome to UB! If you are already registered to **eduroam** at your institution, connect to it. Otherwise, follow the instructions below.

### 1. Create a guest account

- 1. On your device, select **UB\_Connect** from the available Wi-Fi networks.
- 2. Open a web browser and enter http://connect.buffalo.edu in the address bar.
  - Chrome or Firefox recommended
  - NOTE: If you see a warning about an insecure site, choose to advance to the site.
- 3. Click Login as Guest
- 4. Under More, click Sign up for an account

	Sign up for an account.	
	Forgot your Guest Account password? Have it emailed to you.	
	If you are going to visit often, you can register this device.	

- 5. On the next screen, enter:
  - Your first and last name in the **Your Name** field.
  - Your non-UB email address in the **Email Address** field.
- 6. Check the box to accept the terms of use.
- 7. Click Create Account.

**You're now connected!** Save the password you received in your email to log into the guest Wi-Fi at <u>http://connect.buffalo.edu</u> for up to six months.

## 2. Optional: Register your device

To automatically connect to UB's Wi-Fi for the next six months, continue with the following steps.

After creating a guest account (opposite):

- 1. Open a new tab in your web browser and enter <u>http://connect.buffalo.edu</u> in the address bar.
- 2. Click **Register this device**, under **More**.
- 3. Enter your email address in the **Username** field
- 4. Enter the UB Guest password sent to your email in the **Password** field.
- 5. Click Log In.
- 6. Enter a unique name for your device, such as Jane's Macbook.
- 7. If not filled in, enter the <u>MAC Address</u> for your device.
- 8. Click Create Device.
- 9. Select **UB\_Devices** from the available UB Wi-Fi networks
- 10. Enter the password goubbulls
- 11. Click Join
