

Petition for Approval of Non-UB Transfer Credits

The director of graduate studies or department chair determines the applicability of proposed transfer coursework toward your UB graduate program. Only graduate courses completed at accredited or recognized higher education institutions and with grades of full B or better are eligible for transfer credit. Courses graded S or P are eligible for consideration *except* when the transfer institution's grading policy equates S or P with *lower* than a full B grade.

Transfer credit limits: No more than 20 percent of a master's program may be comprised of non-UB graduate credits. No more than 50 percent of the total credits required for a doctoral program may be comprised of non-UB credits or credits applied toward another UB graduate degree. A minimum of 90 percent of all credits applied toward a UB advanced certificate credential must be comprised of UB credits. Academic programs may establish stricter limits.
